Application

BLACKBOX systems are the ideal waste management solution for portable cabins, portable offices, recreational vehicles, commercial rural and metro applications, or any situation where it is necessary to pump grey or black waste water from one location to another location.

Warranties

Tank: 20 years (return to base)

Pump: 24 months (return to base)

Storeit4less

We build the BLACKBOX systems in Dairy Flat, Auckland.

We also provide a BLACKBOX installation and maintenance service within the Auckland Region.

How to purchase?

The BLACKBOX systems can be purchased directly from the Storeit4less website at <https://www.storeit4less.co.nz/product-category/blackbox/>

Contact Tim at Storeit4less with any queries on
(021) 355 005, or tim@storeit4less.co.nz

“100% Kiwi Built”
